Protective clothing for firefighters – Laboratory test methods and performance requirements for wildland firefighting clothing
National foreword

This British Standard is the UK implementation of EN ISO 15384:2020. It is identical to ISO 15384:2018. It supersedes BS EN 15614:2007, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PH/14, Firefighters' personal protective equipment.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
